# International Bar Association Conferences 2016

## About the International Bar Association – the global voice of the legal profession

The International Bar Association (IBA), established in 1947, is the world's leading organisation of international legal practitioners, bar associations and law societies. The IBA influences the development of international law reform and shapes the future of the legal profession throughout the world.

It has a membership of more than 80,000 individual lawyers and more than 190 bar associations and law societies spanning over 160 countries. It has considerable expertise in providing assistance to the global legal community as well as being a source of distinguished legal commentators for international news outlets.

Grouped into two divisions – the Legal Practice Division and the Public and Professional Interest Division – the IBA covers all practice areas and professional interests, providing members with access to leading experts and up-to-date information.

Through the various committees of the divisions, the IBA enables an interchange of information and views among its members as to laws, practices and professional responsibilities relating to the practice of business law around the globe.

## Unparalleled international networking and personal development

Conferences fulfil one of the IBA's most important objectives: the promotion of useful contacts and interchange between lawyers throughout the world – as well as providing a forum for the dissemination of specialist information on all areas of the law.

The IBA stages around 40 specialist conferences each year, in major cities throughout the world, focusing on specific practice areas as well as the IBA Annual Conference.

Conferences are open to both IBA members and non-members, with discounted rates offered for early registration and to IBA members.

Attending IBA conferences is a great way to meet your continuing professional development requirements. All IBA conferences carry CPD/CLE accreditation – please see individual conference programmes for further details.

## The IBA Annual Conference – the largest gathering of the international legal community in the world

The IBA Annual Conference continues to be the premier opportunity for legal professionals the world over to meet, share experience, develop business and learn from one another. The Conference has been bringing together practitioners of every level from virtually every jurisdiction in the world for over 60 years.

### What does the Annual Conference offer?

- More than 200 working sessions covering all areas of practice relevant to international legal practitioners
- Up to 25 hours of continuing legal education and continuing professional development
- A variety of social functions providing ample time to network

## Sponsorship of an IBA event provides the opportunity to:

- Enhance your brand among a distinguished target base
- Network with decision-makers within law firms
- Impress and influence your existing client base as well as make new connections
- Launch and promote a product/service
- Increase brand awareness
- Develop new business
- Network with decision-makers from major corporate law firms and other businesses

The IBA would be delighted to have you as a sponsor.
