—————> INNOVATION. TECHNOLOGY. COLLABORATION. <—————

December 2018

Dear Sir/Madam,

The main disruptor in legal departments is the increasing complexity of legal work. The internationalisation of business transactions coupled with scrutinising regulations requires legal departments across Europe to utilise alternative and technological solutions successfully.

These challenges are elaborated at **Legal Disruption 2019 – Innovation, Technology, Collaboration, an exclusive legal technology conference** organised by the European Company Lawyers Association in **Dublin, Ireland**. The discussion opens on **13 February** with an evening reception, followed by the conference and several breakout sessions on **14 February**.

Legal Disruption 2019 brings together industry-leading legal technology experts, innovative solution providers and experienced corporate lawyers to deliver highly topical background views and in-depth discussions, in order to streamline the daily work of in-house counsel.

Learn from colleagues, share best practices and meet peers from all across Europe.
